About Us

Established in 1994, the mission of LP-wood has always been to provide exceptional cabinetry. We are a customer-focused cabinet shop, and we pride ourselves on our integrity, excellence, and innovation. We stand by our commitment to choose only the finest materials for our projects and we take great joy in the superior craftsmanship of our products. It is our desire to supply Chatham-Kent and beyond with cabinets that defy expectation, and to provide our customers with an experience that is second to none.

Design Services by LP-wood

Complimentary Consultation

After your initial contact with LP-wood, it is our pleasure to offer you a complimentary consultation virtually or at our showroom. This consultation will be scheduled at a time that is convenient for you, and is intended to be an opportunity for you to meet your designer, and to discuss design ideas, product options, and production timelines.

Preliminary Design

When you feel ready to move forward with your project, LP-wood will require a \$1000.00 fee (or 10% of your estimated project cost) to commence drawing. This fee is non-refundable. Included in this fee is a site measure at your home, a preliminary drawing of your project, and two complimentary revisions to your preliminary drawing.

Revisionary Design

Additional revisions will incur a \$100.00 fee per revision. This fee is added on to the overall cost of your project.

Final Design

Once revisions are complete and we have confirmed all the relevant project details, LP-wood requires a 40% deposit on the quoted total of your project*. This deposit secures your project in LP-wood's production schedule and will generate a timeline for your project.**

*Quoted prices are current value estimations only, and all projects will be re-quoted 60 days prior to the start of production to confirm exact pricing.

**Please refer to LP-wood's Terms and Conditions for more details.
